Specifications are subject to change without notice. ©2023 TP-Link
^{*}USB 3.0 is designed as 10x fast as USB 2.0. USB 3.0 is backwards compatible with USB 2.0/1.1 standard. Actual transfer rate is subject to configuration of the connected devices.
[^]Plug and Play for Windows 11/10, macOS 10.9 & later versions, Chrome OS, Linux OS. More later OS version is to get supported soon.
[†]To ensure compatibility, you may need to update the adapter's drivers after an OS update. You can check full list of supported OS in the download center at [tp-link.com/download-center](https://www.tp-link.com/download-center).
