## ESPECIFICACIONES

|                  |                                                                                                                  |
|------------------|------------------------------------------------------------------------------------------------------------------|
| Característica 1 | DVR pentahíbrido compatible con HD-TVI, HD-CVI, AHD, analógico e IP en un solo sistema                           |
| Característica 2 | Audio por coaxitron en los 4 canales sin cableado adicional de audio                                             |
| Característica 3 | Micrófono integrado en cada cámara para grabación sincronizada de audio y video                                  |
| Característica 4 | Luz dual inteligente: iluminación blanca a 20 m (65.6 ft) e IR a 30 m (98.4 ft) para visión nocturna adaptativa  |
| Característica 5 | Fuente de poder profesional con voltaje de salida seleccionable 12V / 13.5V / 15V según distancia de instalación |
| Característica 6 | Visualización remota mediante aplicación móvil para monitoreo desde cualquier ubicación                          |
