DESCRIPCIÓN

Títulos

El relé ultrasensible Altronic RBSNTTL está diseñado para servicio continuo. Este relé resistente y confiable manejará cualquier aplicación de conmutación. El RBSNT-TL se utiliza cuando se conecta una sirena de alarma externos a un panel de control de alarma inalámbrico Honeywell LYNX Touch como el L5100 tiene una salida de activación negativa con un límite de corriente de 3 mA. También puede utilizar el módulo de relé inalámbrico Honeywell 5800RL, pero el RBSNTTL es un módulo de relé cableado. Si desea utilizar el módulo de relé sensible Altronic tendrá que conectar el RBSNTTL directamente a la terminal de trigger LYNX Touch.
